leanor Post.

Whist Dinner Club.—Mr. and Mrs.  
E. D. Walton.

Guild Meet at Christian Church.  
The Guild of the First Christian  
church will meet Wednesday with  
Mrs. W. H. Chandler at 420 N. Div-  
ision. It is desired that all members  
be present as it will be the last  
meeting before the Easter Sale and  
dinner.

Mrs. B. Wolverton is Hostess.  
Mrs. B. Wolverton and Mrs. E. J.  
Allen were joint hostesses to the  
weekly meeting of the M. M. C. club  
at the home of Mrs. Wolverton.  
Needlework and crocheting was en-  
joyed during the afternoon by the  
club members, and the hostesses  
served a dainty two course luncheon  
in which St. Patrick emblems were  
used as decorations and each guest  
was given a Shamrock. Next Mon-  
day Mrs. J. B. Fairfield will enter-  
tain the club with an all day party.

Cambridge Club.  
Mrs. F. D. Brooks had charge of  
the Cambridge club meeting yester-  
day at the library. An unusually  
large number of members were pres-  
ent to listen to a continuation of  
the study of Egypt which grows mor-  
e interesting each week. The program  
was as follows:

1. Ancient and Modern Alexan-  
dria ..... Mrs. M. Hart  
2. Biography of Alexander the  
Great, the founder ..... Mrs. Starr  
3. Sketch of Mehmet Ali; build-  
er of the new Alexandria....  
..... Mrs. Will Patterson  
4. Cairo—Capital of Modern Egypt  
Center of antiquity, history, ro-  
mance and tragedy.....  
..... Miss Eleanor Post  
5. Egyptian Museum; Tombs of  
the calphs..... Mrs. Steele

Goodell Lecture.  
"How Things Become Thoughts"  
was the subject of the second of Prof.  
W. A. Goodell's series of psychology  
lectures. It was even more inter-  
esting than his introductory address  
and was marked with humorous il-  
lustrations. The same appreciative  
listeners heard last evening's treat-  
ise on our interpretation of the  
things of the world about us, how it  
differs with individuals, and how  
much remains still uninterpreted. To  
illustrate the last point, Prof. Good-  
ell read from "That Damned Thing"  
by Ambrose Bierce.

Mrs. Galen Crow Entertains.  
Mrs. S. K. Van Voorhees, Mrs.  
Henry Thompson and the members  
of the Works Auction club were en-  
tertained yesterday afternoon by Mrs.  
Galen Crow. Mrs. Tell Walton made  
high score.

Mr. and Mrs. E. D. Walton will en-  
tertain the Whist Dinner club on  
Saturday night.

### A Smooth, Hairless Skin for Every Woman

(The Modern Beauty.)

With the aid of a plain delatone  
paste it is an easy matter to rid the  
skin of unsightly hairy growths. The  
paste is made by mixing some water  
with powdered delatone. This is ap-  
plied to the hairs not wanted and af-  
ter 2 or 3 minutes rubbed off and the  
skin washed, when every trace of  
hair will have vanished. When you  
go to your druggist for delatone, be  
sure you get the genuine article.

Among the number who went to  
Oklahoma City this morning to at-  
tend the Fritz Kreisler concert to-  
night were Dr. and Mrs. C. B. Hill,  
Mrs. J. W. Duke, Mrs. F. W. Lantz,  
Mrs. White, Mrs. B. F. Coughlin,  
Misses Helen Hankins, Grace Bald-  
win, Bertha Bishop, Gladys Hough-  
ton, and Lillian Dechman.

### Family Club.

Mr. and Mrs. Will Polson were  
hosts to the Family club last evening.  
Mr. and Mrs. Carl Fairfield and Miss  
Louise Askew played substitute  
hands at five hundred and top scores  
were made by Mrs. Fairfield and  
Mr. Charles Swanson and low by Mrs.  
Ed Reed and Miss Louise Askew. Af-  
ter the games the hostess served a  
delicious three course luncheon. Mr.  
and Mrs. Clyde Upham will entertain  
the club in two weeks.

Nine little girls spent a happy after-  
noon with Maurine Hunter in honor of  
her seventh birthday. The hours were  
spent with games and guessing con-  
tests for which prizes were awarded.  
Mrs. Hunter was assisted in caring  
for the guests by Mrs. C. E. Carpenter.  
Maurine was the recipient of numer-  
ous gifts. Light refreshments were  
served after which the guests wished  
the small hostess many happy returns  
of the day.

The annual election of officers for  
the Elks lodge will take place to-  
night.

Mr. and Mrs. W. H. Coyle will en-  
tertain informally at dinner on  
Thursday evening.

Tomorrow is the last day to pay  
water rent.

### Arouses the Liver and Purifies the Blood

The Old Standard general strength-  
ening tonic, GROVE'S TASTELESS  
chill TONIC, arouses the liver to ac-  
tion, drives Malaria out of the blood  
and builds up the system. For adults  
and children 50c.

### TOPICS OF THE TOWN AND STATE.

A Sociable Social.  
The First Methodist Sunday school  
will give a regular old fashioned so-  
ciable social in the church basement  
next Tuesday night, March 16, begin-  
ning at 5.30, and continuing as long  
as folks are hungry a supper will be  
served in the cafeteria style, and it  
will be a good supper, too. Every-  
body will take a plate and start along  
the line of tables and select his fav-  
orite foods, and pay in proportion to  
the amount he selects. After supper,  
there will be games and fun for  
all, and a chance for folks to visit  
and get acquainted. Remember the  
date, and come, for this is a social  
for all the members of the school  
and their friends, and it is hoped  
that there will be a large crowd at-  
tending.

### Another member resigns.

E. H. Hester of Enid, another mem-  
ber of the state board of education  
has submitted his resignation from  
the board to Governor Williams. This  
makes four resignations received by  
Governor Williams since the begin-  
ning of his administration. A. W.  
Duff of Mangum resigned on account  
of his removal to St. Louis. L. F.  
Warren of this city and W. E. Rowsey  
of Muskogee followed with their res-  
ignations. Governor Williams had in-  
dicated who he will appoint on the  
board in the places of the members  
resigning.

### Old Fashioned Spelling Bee.

The annual spelling match of the  
city federation will this year be aug-  
mented by an old fashioned exhibi-  
tion. The entertainment committee  
of which Mrs. Will Patterson is  
chairman met yesterday and made  
plans, deciding upon Monday eve-  
ning, April 5th, as the date. All the  
committee are working to make this  
year's event the greatest success yet,  
and an interesting feature will be  
the grand march led and conducted  
by the National Guard. The older  
spellers of the city will challenge the  
younger spellers of the university,  
high school and business college, and  
as the students of these organizations  
are notably good spellers, the con-  
test will be very spirited. Remem-  
ber the date, April 5th.

## MINISTERS OF FINANCE TO MEET

### PRESIDENT WILSON SETS DATE FOR PAN-AMERICAN MEETING AT CAPITOL

Washington, Mar. 9.—President  
Wilson has selected Monday May 19  
as the date for the Pan-American fi-  
nancial conference in this city, at  
which the ministers of finance and  
leading bankers of Central and South  
American countries will meet finan-  
ciers and treasury officials of the  
United States to discuss the estab-  
lishment of more satisfactory finan-  
cial and commercial relations be-  
tween the nations of the Western  
Hemisphere.

In a statement announcing the date  
Secretary McAdoo said all of the for-  
eign governments had responded fav-  
orably regarding the conference. Con-  
gress authorized the conference and  
appropriated \$50,000 for expenses.

"The secretary of the treasury,  
said Mr. McAdoo, "is given authority  
to invite, in his discretion, repre-  
sentative bankers to participate in the  
conference."

### Large Attendance Desired.

"This discretion will be exercised  
so as to obtain the attendance of as  
large a number of our representative  
financiers as practicable in order  
that a thorough and comprehensive  
discussion may be had of existing fi-  
nancial conditions throughout the  
Western Hemisphere and of the  
measures that should be adopted to  
strengthen financial and trade rela-  
tions between the United States and  
our Central and South American  
neighbors. A suitable program will  
be carefully studied and announced  
in due time."

"The commercial relations between  
the United States and Central and  
South America will also be considered  
as an essential part of the financial  
discussion. The secretary of state  
and all other members of the cabinet  
will be asked to participate in the  
deliberations."

"A similar invitation will be ex-  
tended to the diplomatic representa-  
tives of the various Central and South  
American countries accredited to  
Washington and John Barrett, direc-  
tor of the Pan-American Union."

"The only disappointment in con-

## T. B. REDER

105 1-2 South Division

nection with this conference arises  
out of failure of the shipping bill, a  
measure which had particularly in  
view the establishment of suitable  
steamship facilities to leading South  
American countries. The full benefits  
of the forthcoming financial confer-  
ence can not be realized unless the  
necessary ocean transportation facil-  
ities are provided, but the conference  
will do a vast amount of good any-  
way, and will demonstrate more clear-  
ly than ever the necessity for the cre-  
ation of a merchant marine under  
the American flag.

### Would Extend Banking.

"One of the things which the fed-  
eral reserve act seeks to accomplish  
is the extension of American bank-  
ing facilities to foreign countries. An  
effort will be made to discover the  
best means of enabling our bankers  
to extend their operations in Central  
and South American countries."

"It is a significant fact that our  
exports to South America reached the  
lowest point for the year 1914 in  
the months of October, November and  
December, when they were reduced  
to less than half of those for the  
same months of 1913. This decline  
is in great measure due to the scar-  
city of ships and the exorbitant rates  
of freight now being charged."

### OF LOCAL MOMENT.

Ed Robertson, deputy sheriff, was  
sent to Poniam, by Sheriff Sher-  
wood today to look after a felony  
case.

Gov. R. L. Williams has signed the

new banking bill, which takes from  
the state bankers' association the  
power to nominate the state bank  
commissioner. Friction developed be-  
tween the association and the Demo-  
cratic administration when the bank-  
ers, in their convention at Oklahoma  
City, nominated a republican for the  
position.

Laney Reed is on trial at Norman,  
on the charge of killing W. W. Bum-  
garner. Reed shot Bumgarner with  
five bullets several months ago at a  
stock sale near Norman, and the  
cause of the killing has been a mys-  
tery.

The Capital Refining company, a  
newly organized corporation, propos-  
es to erect a refining plant at Okla-  
homa City.

The first meeting of the new state  
confederate pension board is in ses-  
sion today. Scores of applications  
for pensions have been received.

The state board of prison control  
ceased to exist when Governor Wil-  
liams signed the bill abolishing the  
board and placing its work in the  
hands of the board of public affairs  
and a special pardon and parole of-  
ficer.

Democrats and Republicans in the  
house joined hands and killed the  
Glisco usury bill, the only measure  
under consideration by the legislature  
which would put an end to the money  
shark and loan grafter.

Tomorrow is the last day to pay

## The Question Before Us Is—

What importance—if any—is there  
in the Mineral Content of food?

Listen, then to a well-known physician:—

"Unfortunately for the well-being and health of the  
individual and the human race, the manufacture of foods  
has been tending more and more to isolation of chemical  
entities; and our modern methods of 'refining,' 'purify-  
ing' and 'improving' the foods which Nature so abundantly  
furnishes, deprive the natural, wholesome food products of  
most of their mineral constituents and thereby reduce their  
real food values to a minimum."

"The human organism receives but a small fraction of  
the nutritive minerals which Nature evidently intended it  
to have, and the inevitable result is Mineral Starvation and  
its dire consequences in the shape of Malnutrition, General  
Debility, Anemia, Indigestion, Tuberculosis, Rachitis, Gout,  
Carcinoma, Diabetes, Nephritis, Decayed Teeth, and other  
modern diseases."

The recognition of these facts led, about twenty years ago, to the per-  
fecting of a food extraordinary rich in those "mineral constituents" men-  
tioned above, and which are so necessary for proper growth and maintenance of  
body, nerves and brain.

That food is

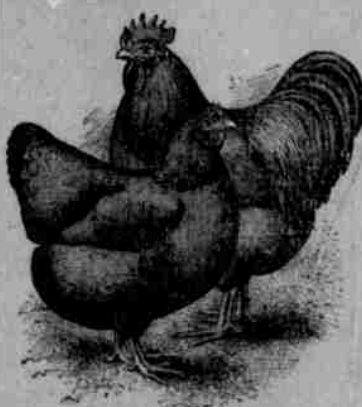

## Grape-Nuts

—a food containing all the nutriment of wheat and barley, including the price-  
less phosphorus, iron, lime, sulphur, etc., of these grains.

Easy of digestion, nourishing, economical, delicious—this food, as a part  
of the daily ration, has proved its worth to thousands.

## "There's a Reason"
